EXPERIENCE

GIS / Substitute Teacher / Tutor
Granada Islamic School

2003 – 2008
Santa Clara, CA

Followed classroom plans left by class teacher to continue student education and reinforce core concepts. Taught diverse subjects for grades K-8, successfully delivering seamless teaching in the absence of regular teachers. Proctored tests and standardized examinations. Took notes and prepared reports on school day activities to provide to primary Teacher. Supervised lunchroom and recess activities. Worked with struggling students individually and in small groups to provide personalized educational support, and reinforce learning concepts. Eliminated learning gaps and effectively instructed students in English Language Arts using a wide variety of teaching aides and motivational strategies.
